## An Occasion in Furniture Much of It of the Finest Possible Construction

We recently purchased, from two well-known makers of fine furniture, the wind-up of their season's product, at prices that enable us to offer it to you at a quarter, a third, and sometimes even a half below regular values.

Designs are mostly after the French Period styles, with some fine examples of Old English Colonial Furniture.

Housekeepers who appreciate securing artistic furniture of at about the usual cost of mediocre styles, will be prompt to take advantage of an occasion so unique, and so decisive in its price-concessions.

Included are Period Bedroom Suites in rare woods, and separate pieces for bedroom, also suites and single pieces for dining-room and parlor.

The entire collection is arranged in special display on the Sixth floor of the new Wanamaker Building. A list of the furniture follows:

There are many other embroideries of various kinds and periods, but all most moderately priced.

There are a number of very interesting Carved Wood Panels, including one oval representing St. Paul, Spanish work of the 17th century, at \$150. A series of Decorative Panels, period of Louis XIV., carved wood and gilt on a matt ground, are priced at \$90 each. Decorative Marbles, from \$8 to \$75.

### BOSTON SCHEDULE TO STAND.

Faster New Haven Trains Await Completion of Improvements.

NEW HAVEN, April 16.—President Mellen of the New Haven road denies that five-hour trains between New York and Boston, at the regular fare, are contemplated. He says that the summer of 1908 may see the limited trains making the trip in four hours and a half instead of five hours.

"We have no intention," said President Mellen, "of running five-hour trains at the regular fare."  
"Four and one-half hour time is not practicable now. The Connecticut River bridge is not ready, widening the roadbed through New Haven is in progress and other improvements affecting speed are unfinished. Until the work between Providence and New York is completed the timetable men will not be asked to cut half an hour from the schedules. Twelve months from now will be a better time for taking up the question of four and one-half hour trains."

### CITY WILL PAY JUDGE'S DEBT.

Comptroller Directed to Pay 10 Per Cent. of Fitzgerald's Salary to a Creditor.

Supreme Court Justice Thomas in Brooklyn signed an order yesterday directing Comptroller Metz to pay over 10 per cent. of the salary of Judge Thomas W. Fitzgerald of the Court of Special Sessions to George B. Fountain, who recently obtained a judgment for \$1,336.16 against Judge Fitzgerald, until the judgment is paid.

Assistant Corporation Counsel Doherty said that the proper way for the judgment debtor to proceed is to bring an action at law against the Comptroller and not by motion, as Justice Thomas said he would grant the order, and then the Comptroller could appeal.  
Judge Fitzgerald has been involved in trouble with several creditors in the past two or three years, and the grievance committee of the Brooklyn Bar Association is at present considering certain charges against him growing out of his frequent and protracted absences from the bench.
